

Nativity Scene Assembly Instructions.

Parts List

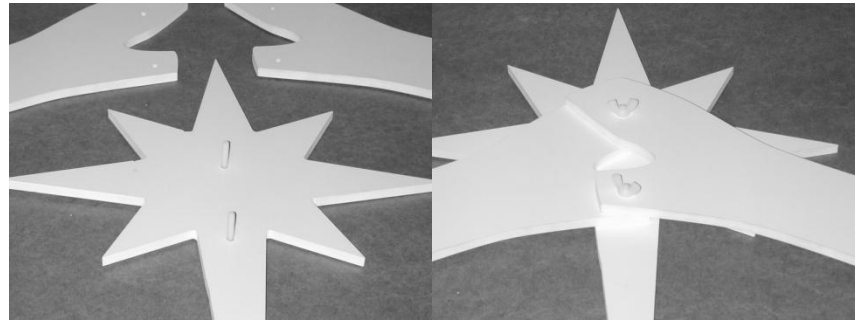

Quantity	Description
1	Holy Family
2	Stable Side
2	Stable Roof
1	Star
2	Fence
1	Sitting Lamb
1	Standing Lamb
2	1/4" x 1 1/2" Nylon Bolts (Yard displays) or 4-40 x 1/2" Nylon bolts (Tabletop displays)
6	1/4" x 1" Nylon Bolts (Yard displays) or 4-40 x 1/2" Nylon bolts (Tabletop displays)
8	1/4" Nylon Wing Nuts (Yard displays) or 4-40 Nylon hex nuts (Tabletop displays)

1. Insert two short nylon bolts into the front of each stable roof section and lay on the floor with the screw head facing down.

2. Lay a stable wall section over the bolts protruding from each roof section and tighten wing/hex nuts.

3. Insert two long nylon bolts into the star and lay on the floor with the screws heads facing down and then lay each completed section one at a time over the bolts on the star and tighten the wing/hex nuts.

4. While holding the stable upright, insert the right and left fences one at a time into the slots in the stable walls from the back and then join the fences together in the rear forming a triangle. The wing/hex nuts should be on the back side of the roof.

5. Fasten the stable sides to each lamb using two short nylon bolts and two wing/hex nuts.

6. Set the Holy family on the fences so that all four notches are resting evenly.

If the Nativity Scene is used outdoors, it should be staked down so that high winds will not affect it.
