Shepherd Praying	Shepherd Pointing	Camel	Standing Lamb
			
Donkey	Donkey ears	Goat	Sitting Lamb

Assembly

Note: You can connect any combination of Kings, Shepherds, and the animals in creating your scene. Below is the recommended setup.

1) Kings

- Connect the back slots of each double support to the slots of the King on Standing Camel.
- Connect the King Standing to the right front slot of the double support.
- Connect the King on Sitting Camel to the left front slot of the double support.

2) Shepherds

- Connect the back slots of each double support to the slots of the Shepherd Pointing.
- Connect the Shepherd Praying to the left front slot of the double support.
- Connect the Donkey Ears to the Donkey and then the Donkey to the right front slot of the double support.

- 3) Goat and Sitting Lamb
 - a. Connect the Goat to the slot of the single support, with the double wide piece facing front
 - b. Screw the Sitting Lamb to the double wide front of the single support
- 4) Camel Sitting and Standing Lamb
 - a. Connect the Camel Sitting to the single support, with the double wide piece facing front
 - b. Screen the Standing Lamb to the double wide front of the single support

Shipped Nativity Set Only

In order to ship the small nativity set it has been modified to fit inside the shipping container.

The stable has been cut in two at the peak, and must be reassembled by attaching a bridge with 3/4 inch screws to the back side.

Also, the bottom screws for the sitting lamb have been removed, and must be reinstalled.

Bridge
